CONSERVATION REPORT CARD

EVALUATING THE 114TH CONGRESS

Defenders of Wildlife is a national, nonprofit membership organization dedicated to the protection of all native animals and plants in their natural communities.

Defenders' approach to conservation is direct and straightforward: We protect and restore imperiled species throughout North America by transforming policies and institutions and promoting innovative solutions. Informed by scientific, legal and policy expertise, hands-on wildlife management experience and effective advocacy, we strive to make a lasting difference for wildlife and its habitat in these uniquely challenging times.

Defenders engages in vigorous congressional advocacy efforts in support of our mission. We express our views on legislation affecting wildlife and public lands, work to achieve acceptable pro-wildlife and habitat outcomes, and grade lawmakers on their votes in our annual conservation report cards. Defenders of Wildlife's *2016 Conservation Report Card* measures the commitment of U.S. senators and representatives to wildlife and habitat conservation during the 2015 and 2016 sessions of the 114th Congress. It tells you at a glance how well your elected representatives are safeguarding our natural heritage.

This report card reviews 13 Senate votes on legislation with serious implications for wildlife and habitat such as ending federal protections for some species safeguarded under the Endangered Species Act (ESA), selling off America's public lands and preventing action on climate change.

The report card also covers 20 votes by the House of Representatives on legislation with conservation consequences, including ending federal ESA protections for gray wolves and northern long-eared bats and using the California drought as an excuse to undermine endangered species protection.

To save space, not all of the many House conservation votes in the 114th Congress are listed in this *2016 Conservation Report Card*. Two 2015 votes are not included (but are included in the print edition of our 2015 report card):

- Giving Water Contractors Undue Influence in Endangered Species Act Decisions (*Roll Call No. 444*)
- Removing Arbitrary Project Approval Timelines for Projects that Would Impact Threatened or Endangered Species (*Roll Call No. 512*)

Eight 2016 votes are not included:

- Removing Endangered Species Protections for Wolves (*Roll Call No. 97*)
- Promoting Fossil Fuels and Attacking Wildlife and Public Lands Protections (*Roll Call No. 250*)
- Protecting National Forests and Environmental Review in the FY2017 Interior Appropriations Bill (*Roll Call No. 428*)
- Blocking Endangered Species Act Protections for the Threatened Preble's Meadow Jumping Mouse (*Roll Call No. 450*)
- Restoring Protections Proposed for Elimination of Various Endangered and Imperiled Species (*Roll Call No. 452*)
- Blocking Funding for Mexican Gray Wolf Conservation (*Roll Call No. 454*)
- Discouraging Citizen Enforcement of Environmental Laws (*Roll Call No. 459*)
- Prohibiting the President from Establishing National Marine Monuments (*Roll Call No. 462*)

SENATE

KEY ISSUES & VOTES

1 Undermining Citizen Enforcement of the Endangered Species Act

The Senate rejected an amendment that would have discouraged citizen enforcement of the Endangered Species Act (ESA) by restricting plaintiffs' ability to recover litigation costs when they prevail in court. *(January 21, 2015, Roll Call No. 7)*

2 Limiting the Designation of Public Land

The Senate rejected an amendment that would have made it more difficult to safeguard public lands through protective land designations. *(January 22, 2015, Roll Call No. 14)*

3 Removing Necessary Endangered Species Act Protections for the Threatened Lesser Prairie-Chicken

The Senate rejected an amendment that would have removed vital federal protections for the lesser prairie-chicken—an imperiled southwestern bird that the U.S. Fish and Wildlife Service (FWS) listed as “threatened” under the ESA in May 2014. *(January 28, 2015, Roll Call No. 35)*

NOTE: Legislators who served a full term received “Incomplete” scores if they missed more than 25 percent of the key votes. Legislators who served a partial term did not receive “Incomplete” scores unless they missed more than 25 percent of the key votes while they were in office.

4 Creating Obstacles to National Monument Designations

The Senate rejected an amendment that would have expressed a “sense of Congress” that all future national monument designations by the president be invalid unless approved by the state governor and state legislature. *(January 28, 2015, Roll Call No. 37)*

5 Stripping Wilderness Protection Based on Congressional Inaction

The Senate rejected an amendment that would have removed wilderness protection for wilderness study areas if Congress did not permanently designate the lands as wilderness within one year. *(January 28, 2015, Roll Call No. 39)*

6 Mandating the Approval of the Keystone XL Pipeline

The Senate passed a bill that would assure approval of the Keystone XL tar sands pipeline. *(January 29, 2015, Roll Call No. 49)*

7 Selling Off America’s Public Lands

The Senate passed an amendment that would authorize the sale, transfer or exchange of federal lands to state and local governments that, in turn, could sell the lands for use in harmful resource extraction activities. *(March 26, 2015, Roll Call No. 106)*

SENATE

KEY ISSUES & VOTES

8 Prioritizing Economic Considerations Over Conservation Science in Endangered Species Act Determinations

The Senate passed an amendment that would potentially allow FWS to inject economic considerations into the process for listing species under the ESA—a process Congress previously said should be based only on the best available science and biological factors. *(March 27, 2015, Roll Call No. 128)*

9 Starving Environmental Funding

The Senate passed a budget resolution for 2016 that would continue damaging funding cuts for programs that protect the environment and natural resources. *(March 27, 2015, Roll Call No. 135)*

10 Overturning Waterway Protections

The Senate agreed to a resolution to overturn the Obama administration's water rule under the Congressional Review Act. *(November 4, 2015, Roll Call No. 297)*

11 Preventing Action on Climate Change

The Senate passed a resolution that would permanently block the Clean Power Plan, preventing the biggest step the United States has ever taken to address climate change and threatening our environment and our future. *(November 17, 2015, Roll Call No. 306)*

12 Thwarting Designation of New National Monuments

The Senate rejected an amendment that would have severely weakened the President's ability to protect important lands and wildlife habitat by undermining his authority to designate national monuments. *(Feb. 2, 2016, Roll Call No. 10)*

13 Undermining the Land and Water Conservation Fund

The Senate rejected an Amendment to make it harder to purchase and protect land under the Land and Water Conservation Fund (LWCF) and diverted funds to pay for maintenance expenses. *(April 19, 2016, Roll Call No. 50)*

The House rejected an amendment that would have provided wilderness protection to the coastal plain of the Arctic National Wildlife Refuge, safeguarding it indefinitely from oil drilling. *(February 26, 2016, Roll Call No. 99)*

14 Jeopardizing Wildlife and Public Lands Conservation

The House passed a bill that would jeopardize wildlife and public lands, erode bedrock environmental laws and undermine key conservation policies. *(February 26, 2016, Roll Call No. 101)*

15 Preserving Protections for California's Rivers and Fisheries

The House defeated an amendment that would have preserved existing ESA protections for salmon and other endangered fish in California's Bay-Delta estuary and stopped the San Joaquin River Restoration Program. *(May 25, 2016, Roll Call No. 242)*

16 Supporting a Permanent Land and Water Conservation Fund

The House rejected a motion to instruct the House conferees to accept a provision in the Senate Energy bill that would permanently authorize the Land and Water Conservation Fund (LWCF). *(May 25, 2016, Roll Call No. 264)*

HOUSE

KEY ISSUES & VOTES

17 Funding National Wildlife Refuge Law Enforcement

The House rejected an amendment that would have provided a vital increase to the law enforcement budget for our National Wildlife Refuge System. *(July 12, 2016, Roll Call No. 417)*

18 Blocking Endangered Species Act Protections for Hundreds of Threatened and Endangered Species

The House passed an amendment to the FY2017 Interior appropriations bill that would devastate conservation and recovery efforts for species listed under the ESA by blocking federal funding for all species for which the FWS has not completed a formal five-year status review. *(July 13, 2016, Roll Call No. 449)*

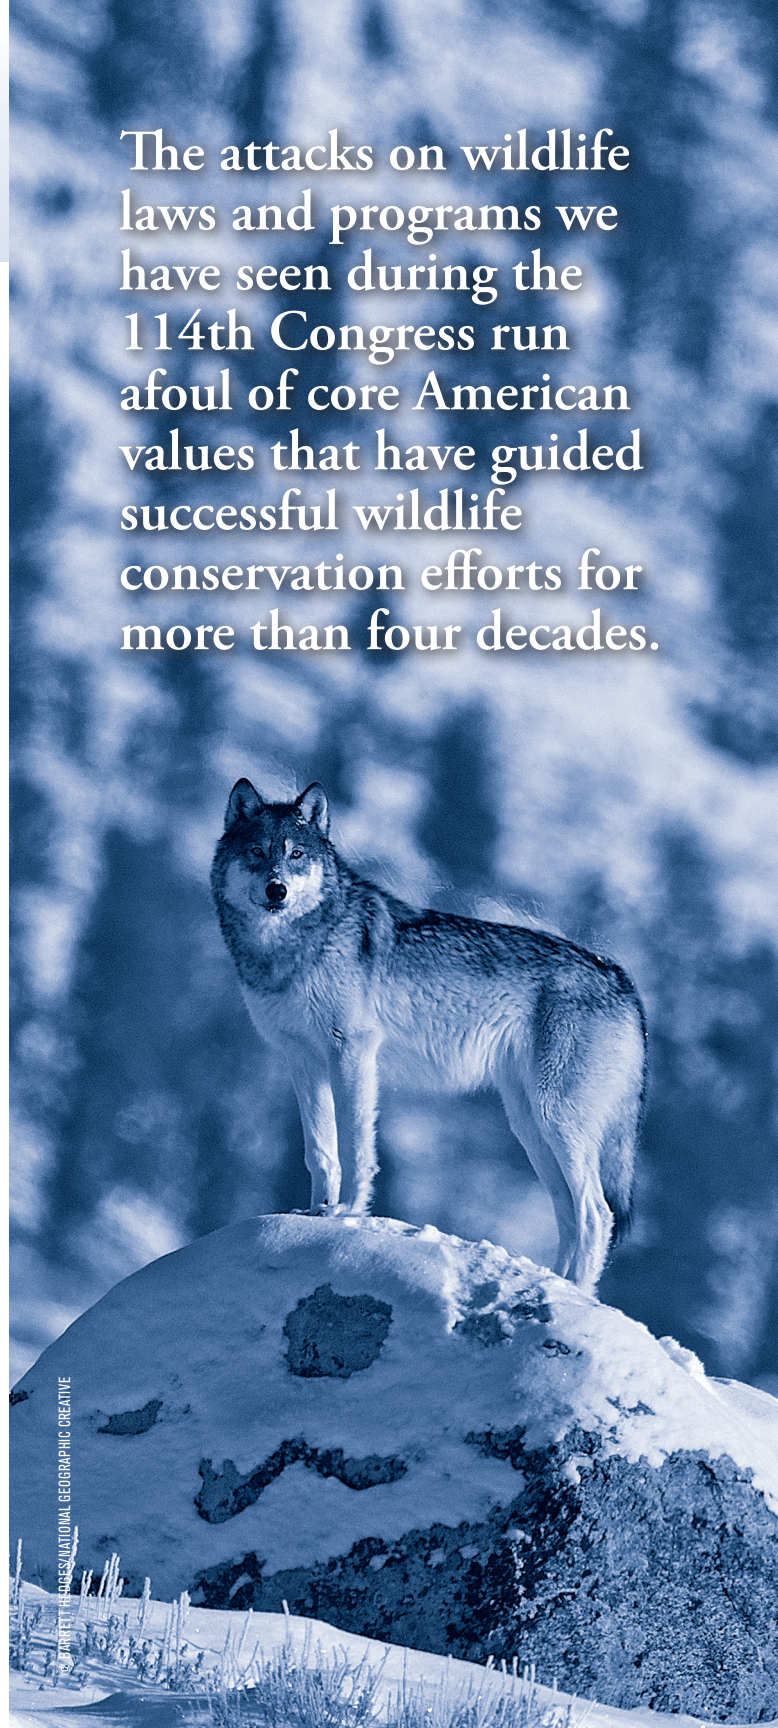

19 Delisting the Gray Wolf throughout the Continental United States

The House passed an amendment to the FY2017 Interior appropriations bill that would prevent the FWS from treating the gray wolf as a threatened or endangered species under the ESA. *(July 13, 2016, Roll Call No. 452)*

20 Stopping Implementation of Historic Sage-Grouse Conservation Plans

The House rejected an amendment that would have blocked a legislative effort to overturn a precedent-setting \$45 million public planning process to conserve the greater sage-grouse and effectively transferred oversight of 60 million acres of federal land to the states. *(July 13, 2016, Roll Call No. 474)*

The attacks on wildlife laws and programs we have seen during the 114th Congress run afoul of core American values that have guided successful wildlife conservation efforts for more than four decades.
